SPECIAL NOTICE

By December 1, 1926 we are obliged to raise \$16,000.00 in cash. In order to raise this amount we have made prices in this list much below prevailing market quotations.

CASH DISCOUNT

Even after making these exceptionally low prices we will allow 3 per cent discount from the trade list prices and pack the goods free **FOR CASH WITH ORDER.**

YOUNG'S AURORA NURSERIES

Aurora, Illinois

J. A. Young, President
Telephone, Aurora 339

This picture shows the entrance, office and small selling stand on our new Nurseries one mile East of Aurora on State Aid Road, Route 18

FULL-O-PEP

Shrubs, Vines and Perennials

:: They Will Grow ::

PRICE LIST
FALL 1926

AURORA GROWN---Means Well Grown

GENERAL INFORMATION

TERMS OF PAYMENT. All our goods are sold 60 days less 2% cash in 10 days or we book the order and notify you within a few days of shipping time when a remittance can be sent and the goods will be shipped promptly. This last plan allows a 3% discount and free boxing. This will mean a saving of about 8 to 10% on orders for Shrubs, etc. All accounts shipped for Fall will be due December 1 and Spring shipments due June 1.

CONDITIONS. Customers will realize that it is not possible for us to control the movement of shipments whether by freight or express. We, therefore, assume no responsibility for the condition of shipments when delivered through the railroad or express company and should any damage be done in transit, claims should be filed with the carriers. The prices quoted herein do not include any guarantee as to the growth of the plants, shrubs, or bulbs.

BOXING AND PACKING. Boxes and bales will be charged for at cost except where cash accompanies the order when all packing will be done without any charge. We make no charge for delivery to the railroad station.

A close up view of our office, not large but comfortable, well lighted and well heated. Our office is a stopping place for hundreds of motorists each year

RATES. Five of the same variety and size will be supplied at the rate per ten. Fifty of the same variety and size at the rate per one hundred. Five hundred of the same variety and size at the rate per one thousand.

PRICES. Prices in this list are limited to the Fall of 1926 and supersede all previous lists—are subject to change without notice.

CLAIMS. Claims for any cause will receive consideration only when made within five days after the arrival of the goods.

LOCATION. The Nurseries are located in the edge of DuPage County, thirty-eight miles West of Chicago on Ogden Avenue, the best paved road leading from Aurora to Chicago. The soil here is a rich clay soil and wonderfully adapted to the growing of Nursery Plants, Bulbs, etc.

VISIT THE NURSERIES. We earnestly urge that you come and see us as the best means of knowing exactly the quality and kind of plants we grow. When writing us please use your business stationery as this list is intended for the Trade only.

OUR TELEPHONE NUMBER is Aurora 339 and when you come to visit us call 339 and we will meet you at the station.

WE MAKE OUR SHIPMENTS by C. B. & Q., C. & N. W. or E. J. & E. Railroads. The E. J. & E. (Chicago Outer Belt line) gives us immediate connection with all roads leading out of Chicago. This gives us the best shipping facilities obtainable.

SPIREA RICHMENSIS

This plant is a coming popular shrub. It is a dark green foliage and plenty of it. The stems are stiff but arching. The flowers are of a beautiful Rose Pink borne on terminal panicles. It is a Florists flower as well as a high class border plant. Planted in mass it makes a gorgeous display of lively foliage crowned with many wonderful panicles of flowers.

Young's Spirea Richmensis is taking its proper place in American Horticulture as a plant worthy of cultivation by Nurserymen and Florists. It is loved by the public and will soon become as popular as the Spirea Van Houttei commonly called Bridal Wreath.

We have but a few plants to offer this year and orders will be filled in rotation. Price for 12-18 in. size, one year, \$25.00 per 100.

This picture shows a block of Gladioli. We have a wonderful soil for growing this flower. We produce the bulbs for Florists to force under glass and for the Nurserymen to use in filling retail orders. You will make no mistake in using Young's Gladioli.

PEONIES

Peonies are one of our specialties. We are now growing almost six acres of this wonderful flower and in many varieties. Prices on the Peonies are made per each and will be sold in any desired quantity, but where a large order is placed for Peonies, we will be able to make better prices and ask you to mail your list of selection for special prices.

The photograph represents a 3 acre block of Young's Ful-O-Pep Peonies.

We have two other blocks of about the same size. Ful-O-Pep Peony Roots are being used all over the country. Give them a trial this year

ACHILLEA FILIPENDULINE

ACHILLEA FILIPENDULINE

(Noble or Fern Leaf Yarrow) is the most stately of the Yarrow family, forming plants 4 to 5 feet high. The leaves are long and deeply cut resembling, in the distant, the Tansy. The flowers are a brilliant yellow and arranged in dense corymbs which are often 5 inches across. They bloom in June and July and will last in good shape for 4 to 6 weeks. The flowers when cut and dried, may be used in winter bouquets.

This is not a new plant but is at present uncommon in the Nursery Lists. It is a good Florists' plant and suitable for growing in dry ground as it is a drought resisting.

Price per 10, \$1.00

Price per 100, \$7.00

GLADIOLI

The growing of Gladioli is one of our specialties. We have a large stock of choice varieties and absolutely true to name. We give to the development of the Gladioli a lot of time and attention in order to produce Bulbs suitable for Florists use as well as for planting outside. Our Gladioli Bulbs are grown on a sandy clay soil and are, therefore, best adapted to planting in greenhouse benches to produce good Flowers. A trial will convince you that Young's Gladioli Bulbs are as good Bulbs as can be produced and will give satisfaction. 100 bulbs at rate per 1000.

This is our small stand. There is room to park 50 cars. Here we dispense potted plants, Hardy plants in pots, Shrubs, Bulbs, Seeds, etc. from April to June. In June we begin to sell flowers from this stand and continue to do so until frost. Last year we sold \$2983.00 worth of flowers during the summer. This is our second season and it ought to build up to \$5000.00 or more in a short time.
